International Credit Union Week

For 57 years, credit unions have set aside the third Thursday in October to celebrate International Credit Union Day and the third week in October to celebrate International Credit Union Week. Each year, it gives us an opportunity to remember our proud history while we promote understanding and support for the credit union difference, especially in these challenging financial times. NW Plus CU continues to provide beneficial financial products and services.

Member service is the foundation of the credit union movement. Whether a credit union is providing a loan to help a member cover unexpected medical bills, giving financial counseling to a member whose company closed its doors, or simply offering a better deal on a used car loan, the credit union is making a difference for its members and the community as a whole.

This International Credit Union Week, October 13-16, let us take the opportunity to thank you for being a member. Please don't hesitate to tell us how we're doing and how we can provide even better service to you in the future. Please also stop by our branches and enjoy the company of our guest service providers listed below. We always strive to put the plus in your financial future.
